Summer Snapshots with the McClain Team

Claudia McClain

Great fun was had by all at this year's *Cinema Under The Stars*. We've been a sponsor of the summer outdoor movie series at Silver Lake for the past five years. Almost 1,000 kids and adults attended our featured movie, "*Tangled*".

Claudia and Pat McClain, having fun at Cinema!

Kids of all ages enjoyed the neon hair pieces (to match the 'hairy' theme of the movie) and cool shutter shades.

Our McClain Team had a blast, and we are thankful to live in such a wonderful community!

Nick Pembroke

Nathalie, Nick and Laura modeled neon hair and shutter shades.

Many Thanks For Your Support!

Many thanks to our clients and agency friends who have contributed to the Everett Public Schools Foundation's "Stuff the Bus" program! At press time, "our" bin was overflowing! Thank you for supporting local students!

Laura Paradis

Working From Home?

According to recent research, the number of American employees who work at least part-time from home is on a steady increase. Are you one of them?

Whether you telecommute, freelance, or have your own business that's run full or part-time from your home, please give us a call.

A typical homeowner's policy covers business-related equipment up to \$2,500. In addition, it provides no liability protection for business visitors.

An **In-Home Business Endorsement** can help provide you with adequate protection.

The Problem With A Company Car

A company car can be a wonderful benefit if it is provided to you by your employer. Even better if you have permission to use it in your personal time! A company car helps you avoid buying an extra vehicle and saves gas, maintenance and insurance expenses.

Wait. Is a company car really fully insured if an employee drives it "off-duty"?

Unfortunately, it is **not!** Your employer's Workers' Compensation coverage protects you while at work - but this coverage ceases as soon as you clock out, leaving you with a huge coverage gap. Your personal car insurance does not extend to a company car! That's why we urge you to give us a call if you drive a company vehicle.

An Extended Non-Owned Auto Endorsement adds excess liability, Uninsured/Underinsured Motorist and Personal Injury Protection to your Personal Auto Insurance for less than \$40 /year.
