

Wedding Season is Here! Yes, We Do!

(...Offer the right protection for liability, emergencies, or cancellation, that is.)

Claudia McClain

Do you know someone who will say “I Do” this year?

I do! Both my niece in New York and my nephew from Montana are getting married this summer. Pat and I couldn’t be more excited!

But with average wedding costs hovering around the cost of a family car, the “big day” is also a big financial commitment. Costs starting at \$160, Wedding Insurance protects your financial investment. It also provides liability coverage that’s often required by the venue, it covers for “no-show” vendors, and protects in case of other losses (such as attire, jewelry, or unexpected cancellation due to medical issues or weather.)

Nick and Meghan Pembroke protected their wedding with a Wedding Protector Plan. (Yes, that’s them on our new wedding website - please check it out at **OurWeddingInsurance.com**.)

If you know a couple who is getting married this year - please let them know about the priceless peace of mind a wedding insurance plan can provide. (and earn a \$25 Gas Card for your referral - see back for details.)

Please allow us to share a sweet story about two of our clients’ children who got married this spring: At the first “Meet the Parents” gathering, the conversation turned to insurance and what agent the young couple should work with. Both sets of parents were intent that *‘their’* agent was the best. Imagine everyone’s surprise when they found out that they all had their insurance through McClain Insurance! ***Thank you, Caitria and Travis O., Karen O. and Connie M. - this is what makes being a family insurance agent so rewarding!***

Get Ready for Boating Season

With the Opening Day of Boating Season and the Windermere Cup regatta on May 7th upon us, we thought that a couple of “local boating facts” might be of interest. Did you know that:

- The Seattle area boasts more pleasure boat owners than any other metropolitan city.
- Puget Sound’s many islands are served by the largest ferry fleet in the US.
- Seattleites also buy more sunglasses per capita than any other city in the nation.

If yours is one of the lucky 1-in-8 boat-owning households in our area, please check with us about adequately insuring against damage to your boat or PWC, and the liability risks you face when you operate your boat.

Last year’s tragic fatality on Lake Stevens reminds us that even careful boaters can be blinded by glare off the water and collide with a swimmer, water skier, or another boater.

Boat insurance is very affordable, and since our office already has much of the information about your family, we can make the application process **quick** and **easy**. Just call us at 425-379-9200.

Important Update:

Receive a **\$25 Costco Gas Card** when you make a Referral and have a chance to win an **Apple iPad 2** if you make a referral before 6/30/11.

Many Thanks for your Referrals
